Index to Civil Engineering

JANUARY—DECEMBER 1947

Subject Index

AERODYNAMICS
"Wind Tunnel Tests Determine Effect of Slots and Fins on Stabillty of Bridge Sections," D. B. Steinman 746

AERONAUTICAL ENGINEERING
"New Concrete Test Houses Accommodate 30-Ft Propellers" 129

AIR CONDITIONING
"Something New in Lighting and Air Conditioning" 264

AIRPORTS
"All-Weather Approach Provides Greater Airport Safety" 301
Boston engineers design Alaskan air defenses (Feb. ad. sect.) 16
"CAA Develops New High-Speed Core Drill" 63
CAA book for airport engineers 55
Development urged by U.S. Chamber of Commerce 358
"Experts Discuss Airport Construction, Operation and Maintenance at ARBA Town Meeting" 189
Federal aid promotes airport program 780
"Flexible Pavement Evaluation Chart," Don Lee 614
"Modern Airports Depend on Technical Skill of Engineer for Safety, Adequacy and Economy," Alfred J. Ryan 246
Planes launched by electropult 23
"Soil Compaction Experiments Point Way Toward Stronger, More Economical Subgrades," Warren D. Curtis 390

AMERICAN INSTITUTE OF MINING AND METALLURGICAL ENGINEERS
Clyde E. Williams named president 54

AMERICAN SOCIETY FOR TESTING MATERIALS
Headquarters dedicated in Philadelphia 225

AMERICAN SOCIETY OF CIVIL ENGINEERS
Awards
Freeman Fellowship applications due 213
Freeman Fund given to George F. Dixon 619
J. Waldo Smith Fellowship open to July 1 347
James W. Rickey Medal established 765
Mead Prize competition announced 554
Milo S. Ketchum award to H. A. Weber 413
Moisseiff award authorized 346
Moisseiff award established 553
Discussion by Charles Goodman 616
Prize winners for 1947 40
Prize winners for 1948 announced 691
Research Prizes offered 689
Ballots
Final ballot for 1947 officers canvassed 102
First ballot for 1948 officers canvassed 553
Second ballot for 1948 officers canvassed 692
Board of Direction
Approves purposes of Bloom Bill 145
Approves survey on potential defense service of engineers 485
Meetings of Jan. 13–16, digest 103
Procedure for submission of matters to 150
Proposal for water policy study backed by National Water Conservation Conf. 688
Suggestions approved by Bureau of Reclamation 214
Budget
Balanced by drastic curtailment, "Loyalty Fund" established 687
Life Member starts "Loyalty Fund" 763
Studied in connection with proposed dues increase 212
"Voluntary Contributions" 758
Civil Engineering
Has 17th anniversary 551
June issue late 412
James T. Norton made advertising manager 150
"Meetings and Conferences" column started 227
"New Publications" column started 226
"Wool Gatherings" column started 225
Collective Bargaining
ASCE policy to be basis of EJC presentation to Congress 46
Joint N.Y. Sections favor amendment to Wagner Act 153
"Leadership of ASCE in Collective Bargaining Is Hailed" 28
Proposed amendments to National Labor Relations Act 149
"Should ASCE Be Purely Professional?" discussions by G. F. Ramirez and Gail A. Hathaway 37
"Responsibility and Opportunity" 618
Two resolutions on aid to employees 621
Committees
Committee on Local Sections re new members 340
Hydraulic Research Committee meets in Vicksburg 688
Private Engineering Practice Committee sends out questionnaire on fees 274
Professional Activities Committee authorized 341
Constitutional Amendments re Dues Increase and Enfranchisement of Juniors
All four ASCE zones sign petitions 272
Discussion by Joseph A. Jordan 334
Discussion by Harry O. Locher 334
"At the Crossroads," editorial by J. C. Stevens 337
Canadian Member favors, discussion by J. B. Challies 266
Discussion at Duluth Convention 486
Discussion by Jasper H. Ings 615
Discussion by Earl C. Meserve 484
Discussion, for dues adjustment in Metropolitan Area, F. S. Merritt 208
Dues increase rejected, Juniors enfranchised 686
Duluth Convention changes in 555
Favored in President's talk to contractors 152
"Get Out the Vote" 405
Junior finds hope, discussion by S. Ralph Angell 207
"Let's Put It to a Vote" 145
Local Sections Conference calls ASCE operations "an emergency" 338
Members study budget 212
"The Next Decade," W. W. Horner 270
"Petitions Circulated for Constitutional Amendments," William N. Carey 146
"The Predominant Reason" 210
"The President's Message" 485
"Pros and Cons of Dues Increase Discussed," John Orth Cook, etc. 548
Secretary Carey addresses Local Sections 213
Tennessee Valley Engineer stresses dues increase need 213
Tennessee Valley Section president urges action on 151
Urged by E. M. Hastings at inaugural 91
Vote by October 7th 547
"What Do I Get for My ASCE Dues?" answered by Indiana Section editor 273
Dues
Foreign exchange rate dues credit canceled 347
See also Constitutional Amendments re Dues Increase and Enfranchisement of Juniors
Emblem
Board of Direction rules on use of 341
Executive Secretary
Addresses Local Sections on Constitutional amendments 213
Addresses West Coast Sections 340
Serves as judge for Dam Club competition 341
Fees
Questionnaire sent out by Committee on Private Engineering Practice 274
Honorary Members
Announced for 1947 43
Board elects four 758
Juniors
Discussion on welfare of, W. L. Waters 38
Given voice in Annual Meeting plans 217
Metropolitan Section Juniors study public speaking, discussion by Michael Yatsko 143
Suggest expansion of ASCE (Edward B. Madden, Louis E. Bona) 89
See also Constitutional Amendments re Dues Increase and Enfranchisement of Juniors
Legislation
Advance planning statement presented to Senate subcommittee 552
ASCE to make Congressional presentation on stream pollution legislation 342
Discussion by William S. Wise 483
State Department's New Educational Bill Obviates Objections of ASCE Board 211
See also Legislation *in general section*
Life Members, Certificates awarded to 227 151
Local Sections
Alabama commends ASCE salary plan 99
Alabama backed by state highway department 277
Alabama urges highway construction 347
Arizona benefits from Spring Meeting publicity, discussion by John Girand 401
Brazilians act to form Local Section 147
Cleveland has active wives group 346
Cleveland plans group travel to meeting 618
D.C. Section organizes technical activities 148
Illinois joins in Power Conference 148
Indiana entertains legislators 153
Lehigh Valley has 25th anniversary 405
Los Angeles Yearbook boosts membership 101
Metropolitan honors Russian engineer 408
Miami selects Union Station site 216
Mid-South has three-day meeting 47
New England Sections have joint meeting 412
N.Y. Sections favor amendment to Wagner Act 153
New York Sections form joint committee 46
Sacramento Speakers' Club, by Fred Paget 215
Southern Idaho Section formed 555
Tennessee Valley Engineer editorials 101
Tennessee Valley Engineer lauds Annual Meeting 149
Tennessee Valley president urges action on constitutional amendments 151
Tennessee Valley's Oak Ridge subsection formed 153
Texas has three-day meetings 47
Meetings
Annual Meeting 1947, program of 1
Annual Meeting record by Cornell '09 152
Annual Meeting reported and technical papers summarized 92
Annual Meeting 1948, program 719
Business meeting October 7 547
Duluth Convention preview 371
Duluth Convention reviewed 486
Duluth Convention program 299
Duluth technical papers reviewed 445
Fall Meeting program, Jacksonville 515
Fall Meeting photographs 685, 764
Fall Meeting previewed 579
Fall Meeting reviewed 683
Fall Meeting technical sessions reviewed 645
Juniors given voice in Annual Meeting plans 217
New scheduling method adopted by Board of Direction 621
Spring Meeting, Phoenix, preview 111
Spring Meeting reviewed 271
Spring Meeting pictures 339, 341, 342, 346, 349
Spring Meeting technical papers summarized 235
Members
"Oldest" members have enviable records 410
Membership
Application procedure streamlined 620
"An Employer Evaluates Membership in ASCE," W. E. Potter 409

Recommendations of Committee on Local Sections ... 340
Membership Grades
"Membership Grades Committee Presents Statement on Grades Question" ... 422
Questionnaire ... 425
Discussion by Jasper H. Ings ... 615
Discussion by Harland C. Woods ... 615
Discussion by F. H. Wisewell ... 757
Proposed grade of Fellow opposed by James E. Payne ... 682
Nominees
Biographies of nominees for office in 1948 ... 759
Officers
Director Greeley tells ABA water rate structures need study ... 691
Shannon succeeds McNew as Vice-President ... 101
Vice-President McNew dies ... 47
President
Addresses West Coast Sections ... 340
Annual address, 1947 ... 444
Informal remarks at Duluth Convention ... 485
Gets birthday cake from Oregon Section ... 408
Richard E. Dougherty nominated for 1948 ... 489
Stresses objectives at inaugural ... 91
Talks before contractors ... 152
PROCEEDINGS
Herbert P. Orland made assistant editor ... 150
Panama discussions to be unified ... 216
Schedule again on current basis ... 413
Publications
Cover entire range of subjects ... 689
Representation
Col. William N. Carey and W. W. Horner at President's Highway Safety Conf. ... 347
On international conference committees ... 690
Salaries
Alabama Section commends salary plan ... 99
Committee on Salaries proposes questionnaire ... 341
"Salary Survey Indicates Engineering Teachers Are Underpaid," Allen P. Richmond ... 552
Staff
Country divided into three sections for representation ... 47
James T. Norton and Herbert P. Orland join ... 150
Student Chapters
Hold New York conference, Frank Delvers ... 100
Membership totals 6,500 ... 338
Revive annual student conferences ... 411
29 Chapters are commended ... 346
Two new Chapters make total 125 ... 343
Washington U. has 40th anniversary ... 46
Survey on potential defense service of engineers approved by Board of Direction ... 485
Technical Divisions
New scheduling method for meetings adopted by Board of Direction ... 621
Construction Division committee re education ... 100
Executive committee chairmen for 1947 ... 148
Representatives on, from D.C. Section ... 148
Transactions
Volume 111 issued ... 488
Yearbook
"Ever Read Your Yearbook?" R. Robinson Rowe ... 554

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

New monthly to review current literature ... 763
1947 quarterly meetings scheduled (Feb. ad. sect.) ... 16
Representative Hinshaw addresses convention of ... 55

AMERICAN STANDARDS ASSOCIATION

ASCE members on building code committee ... 277
Civil engineering subjects in ASA list ... 161
Foundations standard sponsored by ASCE ... 102
Issues revised drafting-room standards (Feb. ad. sect.) ... 18
"New Standard Covers Lightweight Floor Construction" ... 742

AQUEDUCTS

"Navy-Constructed Aqueduct Supplies Colorado River Water to City of San Diego," R. D. Thorson ... 372
San Diego Aqueduct dedicated ... 771

ATOMIC ENERGY

Second largest cyclotron assembled ... 288

AWARDS

Alfred Nobel Prize for 1946 to Martin Goland ... 152
Dam Club sponsors student paper prize competition ... 341
Davis Undergraduate Welding Award winners, 1947 ... 421
Davis Undergraduate Welding Award offered ... 159
Dinner for 13th Milo S. Ketchum award ... 152
John Fritz Medal to Theodor von Karman ... 765
Lincoln Arc Welding Foundation "Design for Progress" award program ... 223
Lincoln Arc Welding awards ... 772
Lincoln undergraduate awards offered ... 630
Moles announce construction awards ... 54
Prizes for papers on resistance welding ... 160
Washington Award to Dr. Karl T. Compton ... 99
See also ASCE Awards; Fellowships

BEACHES

"Army Engineers Study Beach Erosion and Ocean Wave Damage" ... 309
Fort Lauderdale plans recreation project ... 627
War-born duck used to study beach erosion ... 419

BLASTING

"Blasting Vibration Measurements Indicate No Damage to Green Concrete in Ross Dam," Frank Neumann and H. A. Coombs ... 32
"Fusion Piercing Speeds Process of Making Vertical Blast Holes" ... 73

BRICK

1947 production shows 10 percent rise ... 625

BRIDGES

"Bids Asked on New $9,500,000 Tacoma Narrows Bridge to Be Asked on or Before July 1" ... 304
Brooklyn Bridge discussed by Theodore Belzner ... 400
"Converted Railroad Bridge Over Colorado River Carries California-Arizona Highway Traffic," R. Robinson Rowe ... 584
"Deep Cylinder Piers Support Heavy Steel Trusses of Bridge Over Colorado River," Walter E. Robey ... 519
"Europe's Largest Suspension Bridge to Span Severn" ... 34
"Lessons in Bridge Design Taught by Aerodynamic Studies," D. B. Steinman
Discussion by F. B. Farquharson ... 90
Discussion by D. B. Steinman ... 484
"Modern European Practice Promotes Economic Use of Timber Structures," E. George Stern ... 193
Needless opening of drawbridges ... 627
"Railroad Rails Serve as Reinforcing Steel in Secondary-Road Bridge Construction," S. W. LaLance ... 544
"Ratchet Lever Hoists Straighten Tilted Bridge" ... 179
"Record Double-Leaf Bascule" ... 249
Removal of bridge span permits passage of dredge ... 53
"Report Recommends Second San Francisco Bay Bridge at Estimated Cost of $99,300,000" ... 244
"Rickenbacker Causeway—$6,000,000 Project—Joins Miami with Nearby Keys," Earle M. Rader ... 658
San Francisco-Oakland Bay Bridge able to finance second span ... 774
"Simple Model Tests Predict Aerodynamic Characteristics of Bridges," D. B. Steinman
I. Response Curves Computed from Pressure Distribution Graphs ... 20
II. Response Curves Computed from Static Lift and Torque Graphs ... 77
Discussion by David J. Peery ... 143
Discussion by John H. Dawson ... 268
Discussion by F. B. Farquharson ... 401
Discussion by D. B. Steinman ... 403
"Simple Trusses Were First Analyzed Correctly Only One Hundred Years Ago," Victor R. Bergman ... 752
Slab under rocker shoe tested ... 160
"Steel and Concrete Deck Replaces Timber Roadway on Eads Bridge," Newel J. Law ... 394
Symposium, "Bridge Clearances Concern Navigation, Federal Government, Railroads and Highways"—
Introduction, Charles T. Leeds ... 67
"Goverment Shares Expense of Removing Obstructions to Shipping on Navigable Streams," L. C. Sabin ... 67
"War Department Determines Bridge Clearances Required for Public Navigation," R. A. Wheeler ... 69
"Recent Legislation Alleviates Railways' Economic Burden," J. B. Akers ... 71
"Many Factors Determine Benefits or Damages in Alteration of Highway Bridges," J. H. Porter ... 72
Discussion by Theodore Belzner ... 209
"Torch Shortening Does Not Impair the Strength of Eyebars" ... 205
"Tubular Steel Pile Piers (for Garrison Dam construction bridge) Withstand Rigid Test," Ernest E. Howard ... 580
"Tunnels and Bridges Solve Difficult Location Problem on 476-Mile Blue Ridge Parkway," H. J. Spelman ... 378
"Wind Tunnel Tests Determine Effect of Slots and Fins on Stability of Bridge Sections," D. B. Steinman ... 746
"Wind-Tunnel Tests Reveal Serious Inadequacy of Present Bridge Specifications," D. B. Steinman ... 601
Discussion by D. B. Steinman ... 756

BUILDING CODES

ASCE members on ASA building code committee ... 277
Basic code presented for industry review ... 624
Cleveland code brought up to date ... 56
Council to prepare Iowa building code ... 20
Council to draft code for Iowa ... 45
Demands codes be revised for fire safety ... 45
Hurricane damage shows need for better codes, Fleming says ... 70
New York State building code discussed by Charles W. Dohn ... 71
Progress in revision of ... 69
Uniform Building Code discussed at meeting ... 70

BUILDINGS

Bellevue Hospital School for Nurses based on modular planning ... 32
Building Officials Foundation has new program ... 22
Building Research Advisory Board gets under way ... 68
"Building Research Advisory Board Promotes Development in Building Construction," R. H. Tatlow III ... 67
"Building Research Advisory Board Serves as Clearing House for Technical Studies," J. C. Stevens ... 46
Building Research Advisory Board set up by National Research Council ... 10
Building Technology Division established in National Bureau of Standards ... 62
Bus terminal for New York approved ... 13
"Construction of West Coast Building Proves Economical Use of Pumped Concrete," S. Perliter ... 30
Controls removed on non-residential building ... 49
"Crane Serves as Materials Elevator" ... 46
Downward cost trend predicted for 1947 ... 22
Federal-aid act grants $225 million for hospitals ... 53
"First Unit of Modern Building Research Center" ... 47
"$4,000,000 Princeton Library Scheduled for Completion in 1948" ... 12
Information on materials available ... 49
Less deflation of building costs expected ... 10
Modular coordination receives grant ... 10
New building materials tested by National Housing Agency ... 33
"New $2,000,000 Cancer Institute" ... 43
"New York's Tallest Building in Postwar Period" ... 24
Number of apprentices increases ... 22
"Plans for United Nations Headquarters Stress Functional Design" ... 72
"Precast Floor Slabs Speed U.N. Housing Project" ... 1
"Prefabricated Concrete Structures Test New Design Concepts and Construction Techniques," Arsham Amirikian ... 38
Resurgence in building activity nationwide ... 62
Rising costs hamper veterans' hospital program ... 56
Study made of fire-resistant construction ... 22
"Welded Steel Frame Provides 93-Ft Clear Span" ... 53
"World's Largest Stair Installation" ... 26
"Wrought-Iron Channels Cover Weathered Building Spandrels" ... 19

CAISSONS

"Deep Cylinder Piers Support Heavy Steel Trusses of Bridge Over Colorado River," Walter E. Robey ... 519

CANALS

"Chain of Rocks Project Improves Navigation on Mississippi River," R. E. Smyser, Jr. ... 30
Panama Canal tow job accomplished by narrow margin ... 3
Report on Panama Canal (Feb. ad. sect.) ... 1
"Slip Form Places Wasteway Canal Concrete" ... 54
"Soil-Cement Tested as Low-Cost Canal Lining" ... 73

CAUSEWAYS

"Rickenbacker Causeway—$6,000,000 Project—Joins Miami with Nearby Keys," Earl M. Rader ... 63

CEMENT

"Spectrograph Analysis of Portland Cement" ... 24

CITY PLANNING

ASCE men join U.S. Chamber of Commerce in study ... 18
"Chicago 'Magnificent Mile' Plan Provides Large Underground Facilities" ... 34
"City Planners and Business Leaders Must Guide Communities' Economic Growth," Newton C. Farr ... 23
Cleveland commission presents plan ... 70
"Decking Over Railroad Improves Central Business District, Mt. Vernon, N.Y." ... 23
Diorama of Philadelphia ... 33
Fleming says more is needed ... 33
"Fort Wayne Plans North-South and East-West Expressways" ... 20
"Increased Traffic in Los Angeles Metropolitan Area Demands Adequate Freeway and Parkway System," Lloyd Aldrich ... 23

...ie Williams speaks on ... 459
New Orleans Plan Includes Union Passenger Terminal" ... 453
...oblems of planning large cities ... 698
...Louis park competition open ... 287

COLLECTIVE BARGAINING

"Changes in Amendments to National Labor Relations Act Affect Professional Employees," E. L. Chandler ... 273
Engineers Ask Congress for Labor Law Amendments" ... 202
Engineers Freed from Enforced Unionism with Overhauling of Wagner Act," E. L. Chandler ... 406
Labor Peace, Professional Independence Seen If Employers Are Accredited," Frederick H. McDonald ... 13
Discussion by C. C. Muhs ... 209
Manual on Collective Bargaining for Professional Engineers" available ... 337
...nate, House labor bills held favorable ... 341
See also ASCE, Collective Bargaining

CONCRETE

Blasting Vibration Measurements Indicate No Danger to Green Concrete in Ross Dam," Frank Neumann and H. A. Coombs ... 32
Construction of West Coast Building Proves Economical Use of Pumped Concrete," S. Perliter ... 306
Design Constants Facilitate Analysis of Beams Composed of Prismatic Segments," Harris Solman ... 265
Low-Cost Repairs Restore Concrete Hangar to Design Strength," Anton Tedesco ... 9
New Concrete Test Houses Accommodate 30 Ft Propellers" ... 129
Nomograph Chart Aids Pumice-Concrete Slab Design," A. E. Niederhoff ... 613
Precast Floor Slabs Speed U.N. Housing Project" ... 18
Prefabricated Concrete Structures Test New Design Concepts and Construction Techniques," Arsham Amirikian ... 383
Restoration Work Prolongs Life of Concrete Structures," A. C. Giesecke ... 588
Discussion by G. E. Loughland and Hibbert Hill ... 682
Discussion by Henry H. Jewell ... 757
Simplified Formula Is Based on Effect of Plastic Flow in Reinforced Concrete," Boris W. Boguslavsky ... 87
Slip Form Places Wasteway Canal Concrete" ... 543
Special mix speeds opening of N.J. overpass ... 562
Tpaz increases strength ... 560

CONSTRUCTION

Construction Costs

Accurate Cost Control Systems Ensure Economical Construction Operations," A. O. Babb ... 467
AGC survey shows upward trend in building costs ... 698
Clear, Precise Specifications and Contracts Invite Lower Bids," George B. Hills and Charles F. Lovan ... 668
Contractors offer program to stabilize building costs ... 418
New Construction Activities Converted to 1939 Prices for Comparison" ... 393
New construction in 1951 depends on lowering of costs ... 771
Producers' Council head predicts cheaper building ... 353
Reduction of Costs Needs Cooperation of Owners, Engineers and Contractors," F. W. Parrott ... 471
Rising costs hamper veterans' hospital program ... 561
Western highway bids in line with 1946 prices ... 625

Construction Equipment

ARBA issues bulletin on (Feb. ad. sect.) ... 16
CAA Develops New High-Speed Core Drill" ... 63
Crane Lifts 25 Tons at 150-Ft Reach" ... 604
Crane Serves as Materials Elevator" ... 463
Ganty Crane Expedites Erection of Rotary Kiln" ... 742
Largest jaw crusher ... 357
Modern road-building equipment provides better highways ... 772
New equipment will speed highway work ... 430
Painting of power shovel on exhibition ... 499
Plow Train Simultaneously Digs Trench, Lays Telephone Cable" ... 473
Ratchet Lever Hoists Straighten Tilted Bridge" ... 179
Research by International Harvester Co. ... 788
Road Show scheduled for 1948 ... 354
Tractor Substitutes for Grader on Idaho Highway" ... 675
Truck Simplifies Timber Setting Operation" ... 583

Construction Industry

Advisory Council discusses problems of ... 782
Argentine regulations for foreign engineers ... 498
Booth & Flinn celebrates 70 years of progress (Feb. ad. sect.) ... 16
"Building Research Advisory Board Promotes Development in Building Construction," R. H. Tatlow III ... 676
"Construction Industry Needs Specially Trained Civil Engineers," Harold W. Richardson ... 74
Discussion by S. A. Kerr ... 335
Controls removed on non-residential building ... 494
"Duluth Papers Discuss Subjects Vital to Construction Industry," symposium
"Building Research Advisory Board Serves as Clearing House for Technical Studies," J. C. Stevens ... 464
"Expert Analyzes Problems of Heavy Construction Contractor in South America," J. J. Collins ... 730
Foreign countries have huge construction backlog ... 355
"Income Tax Requirements Affect Foreign Service of American Engineers," Edmund H. Lang ... 610
Opportunities in Philippines for contractors ... 284
"Parties to a Construction Contract Make Their Own Law," Oren C. Herwitz ... 186
Discussion by I. Vernon Werbin ... 335
Predict mild recession will not affect ... 782

Construction Procedure

"Airplane Enters Construction Field" ... 382
"Construction of West Coast Building Proves Economical Use of Pumped Concrete," S. Perliter ... 306
"Fire Safety Measures Can Avoid Costly Construction Disasters," A. L. Brown ... 532
"New Construction Technique Reduces Cost of Large-Scale Housing in New York," John P. Riley ... 254
"Studies Determine Proper Construction Procedures in Permafrost Areas" ... 387

Construction Volume

Continued strength in construction activity ... 558
First six months in East is below 1946 level ... 560
1947 construction volume less than estimated ... 353
Non-housing construction volume ... 285, 355
Resumes upward trend ... 695
Resurgence in building activity nationwide ... 625
Seven-point program for increase in ... 54

CONTRACTS

"Parties to a Construction Contract Make Their Own Law," Oren C. Herwitz ... 186
Discussion by I. Vernon Werbin ... 335

DAMS

Bids sought for Boysen Dam ... 498
"Blasting Vibration Measurements Indicate No Damage to Green Concrete in Ross Dam," Frank Neumann and H. A. Coombs ... 32
Buggs Island Dam bids asked ... 775
"Chain of Rocks Project Improves Navigation on Mississippi River," R. E. Smyser, Jr. ... 302
"Davis Dam Completes Storage Regulation of Colorado River Below Boulder," L. R. Douglass ... 14
"(Heart Butte) Earthfill Dam Is Unit in Missouri Basin Project" ... 745
"Enders Dam Is 1,500,000-Cu Yd Earthfill Structure" ... 389
Experimental hydraulic studies at dam in India ... 355
"Four Earthfill Dams Create 1,873-Acre Horsetooth Reservoir in Colorado," Fred C. Walker ... 310
"Garrison Preconstruction Contracts Inaugurate 75,000,000-Cu Yd Embankment Project" ... 240
Hungry Horse project planned ... 774
Keokuk Dam's 33-year record ... 110
"Model Study Develops Stepped Transition for Mt. Morris Dam Stilling Basin," George F. Sowers ... 130
"Modern Power and Irrigation Structures Promote Development of North Africa," A. V. Karpov ... 317
"Nature Provides Lab for Maintenance Studies on Hydroelectric Plant Structures," R. W. Spencer ... 132
"Proposed Projects Develop Power and Irrigation Potentials of Colorado River System," H. F. McPhail ... 459
"Restoration Work Prolongs Life of Concrete Structures," A. C. Giesecke ... 588
Discussion by G. E. Loughland, Hibbert Hill ... 682
Discussion by Henry H. Jewell ... 757
Reverse-arch dam cartoon discussed by R. A. Kampmeier ... 90
Symposium: "Continuous-Flow, Self-Cleaning Diversion Works Increase Water Supply of Colorado Steel Plant," Alfred J. Ryan and R. L. Parshall ... 736
"Third International Congress on Large Dams to Be Held Next Year in Stockholm," Wesley R. Nelson ... 626
"Tubular Steel Pile Piers (for Garrison Dam construction bridge) Withstand Rigid Test," Ernest E. Howard ... 580
Discussion by M. P. Selivanoff of J. Stuart Crandall's "Unique Caissons Make Spillway Repairs Possible at Grand Coulee" ... 38

DISARMAMENT

ASCE members cited for work on industrial disarmament of aggressor states ... 271

DIVERSION WORKS

Symposium: "Continuous-Flow, Self-Cleaning Diversion Works Increase Water Supply of Colorado Steel Plant," Alfred J. Ryan and R. L. Parshall ... 736

DOCKS

"Wrought-Iron Plates Prevent Fire Spread" ... 475

DRAFTING

Drafting-room standards revised (Feb. ad. sect.) ... 18

DRAINAGE

Clay pipe replaces French drains ... 31

DRYDOCKS

"Large Drydock Passes Through Ohio River Locks" ... 327

EARTHWORK

Discussion by J. S. Kendrick of D. M. Burmister's letter on factor of safety in stability analysis ... 39
"Enders Dam Is 1,500,000-Cu Yd Earthfill Structure" ... 389

ECONOMICS

"Broad Aspects of Highway Planning Affect Nation's Economic, Cultural and Social Life," Charles M. Noble ... 593
"Income Tax Requirements Affect Foreign Service of American Engineers," Edmund H. Lang ... 610
"Many Economic Factors Fix Market Value of Engineering Specialties," Donald M. Baker ... 126
"Studies Determine Economic Effects on Property Removed from Public Works Sites," John S. Worley ... 29

EDUCATION

"Advancement in Timber Mechanics and Design Calls for Specially Trained Engineers," Howard J. Hansen ... 672
Compensation of educators, discussions by L. H. Berger ... 144, 403

EMPLOYMENT

Aeronautical research positions available ... 285
Construction employment increases in New York State ... 706
EJC preliminary report on survey of employer practices ... 215
Exam for Navy C. E. Corps billets ... 158
Number of building apprentices increases ... 224
Positions open in Norfolk Engineer District (Feb. ad. sect.) ... 14
Structural engineers needed by California ... 627
U.S. Bureau of Reclamation needs engineers ... 776
U.S. Employment Service augmented by merger ... 55
U. S. Public Health Service needs engineers ... 355

"What Management Expects of an Engineer," A. C. Rubel ... 344
Discussion by J. W. Darling ... 546
Discussion by A. C. Rubel ... 755

ENGINEERING FOUNDATION

A. B. Kinzel again heads ... 766
Asks gifts for research ... 149
Research projects in soil mechanics ... 224
Sponsors study of joint strength ... 485

ENGINEERING SOCIETIES LIBRARY

Compiles list of books for civil engineers ... 162
Increases rates for translations ... 152
Manuscripts deposited in by ASCE ... 345
Requests extra publications for exchange ... 152

ENGINEERS AND ENGINEERING

ASCE affiliation recalled by Theodore Belzner ... 681
Biographies needed for Who's Who, discussion by E. N. Noyes ... 144
Boston Society of Civil Engineers elects officers ... 290
Bravery of Maj. G. H. Hoffman, discussion by Jose A. Bernales ... 209
Edison centennial banquet ... 54
Emily Warren Roebling memorial ... 53
Engineers Club organized in Washington, D.C. ... 764
Engineers from India visit U.S. ... 354
French engineers show friendship (Feb. ad sect.) ... 14
Harvard Engineering Society has 100th anniversary ... 159
Iowa Engineering Society elects 1947 officers 226
New edition of Who's Who ... 159
Peruvian engineers praise U.S. ... 284
Poem by Eric Fleming lauds civil engineers 616
"Times Call for Mobilization of Engineers and Scientists," H. S. Aurand
Discussion by J. Paul J. Williams ... 88

ENGINEERS JOINT COUNCIL

ASCE members cited for work on industrial disarmament of aggressor states ... 271
Adopts ASCE recommendation for study of national water policy ... 410
Aids State Department in international relations ... 409
Asks constituents to back world conference 54
Consultative Committee members named to advise with U.S. State Department ... 488
Elected to join UNESCO advisory body ... 345
"The Engineering Profession in Transition, Report on Economic Status Survey," William N. Carey ... 441
"Engineers Ask Congress for Labor Law Amendments" ... 202
53 percent reply in survey ... 153
Fosters engineers' interest in science legislation ... 275
National Science Foundation bill vetoed ... 547
Panel to appear before House and Senate labor committees ... 149
Preliminary report on survey of employer practices ... 215
Presentation to Congress based on ASCE Labor policy ... 46
Publishes "Manual on Collective Bargaining for Professional Engineers" ... 337
Report featured in Northeastern *Journal* ... 103
Report on Survey of the Engineering Profession nears completion ... 408
Represented at Zurich ... 618
World Engineering Conference national committee organized ... 553

ETHICS

"Engineering Education Includes More Than Basic 'Three R's,'" George H. Harding ... 321
Discussion by John F. Miller ... 402
"Faith of the Engineer" ... 276
"What Is Professional Recognition?" N. W. Dougherty ... 276

FEES AND SALARIES

AASHO Committee on Salaries makes interim report ... 216
ASCE Committee on Salaries proposes questionnaire ... 341
Discussion of salaries by Sidney Weniger ... 335
Discussion by W. T. Hooper ... 483
"The Engineering Profession in Transition Report on Economic Status Survey," William N. Carey ... 441
Questionnaire on fees sent out by ASCE Committee on Private Engineering Practice ... 274
"Salary Survey Indicates Engineering Teachers Are Underpaid," Allen P. Richmond ... 552

FELLOWSHIPS

J. Waldo Smith Fellowship open to July 1 ... 347
Opportunity for European study, discussion by Hunter Rouse ... 90
Discussion by John A. Logan ... 266
See also Awards and department "New in Education" in each issue

FILING

"Personal Data File Saves Valuable Time," George O. Guesmer ... 753

FIRE PROTECTION

Action program adopted by Fire Prevention Conference ... 338
ASCE represented at President's conference on ... 275
Building code revision for fire safety ... 428
Conference to discuss Atlanta Hotel fire ... 55
"Fire Safety Measures Can Avoid Costly Construction Disasters," A. L. Brown ... 532
"Low-Cost Repairs Restore Concrete Hangar to Design Strength," Anton Tedesco ... 9
President's Conference on ... 162
Study of fire-resistant building construction 224
"Wrought-Iron Plates Prevent Fire Spread" 475

FISH SCREENS

"Charged Screens Prevent Mass Destruction of Fish" ... 535

FLOOD CONTROL

Contract awards on Missouri plan ... 560
"Electrical Computer Aids Flood Studies" 116
"International Treaty Authorizes Flood Control Structures on Lower Rio Grande," Lawrence M. Lawson, Rafael Fernandez MacGregor ... 117
"Little Sioux Basin Serves as Miniature Mississippi Valley for Control Studies," Malcolm Elliott ... 136
Miami Conservancy District pays off all indebtedness ... 53
"Pick-Sloan Flood Control Plan Develops Resources of Missouri River Basin," Delbert B. Freeman ... 652
President asks $4 billion for ... 499

FLOORS

"New Standard Covers Lightweight Floor Construction" ... 742

FLUID MECHANICS

"Civil Engineers Share Knowledge of Fluid Mechanics with Many Related Professions," Hunter Rouse ... 743

FOUNDATIONS

"Diver Handles Underwater Foundation Construction" ... 671
"Nomograph Aids Use of Boussinesq Equation," Ira J. Hooks and Hamilton Gray ... 332
"Record Double-Lead Bascule" ... 249
Standard of ASA sponsored by ASCE ... 102
"Welded Steel Piles Support 26-Story Skyscraper in Back Bay Area of Boston" ... 113
Discussion by Charles B. Spencer ... 334

GRADE SEPARATIONS

Keep motorists and trains apart, says ARBA chairman ... 420
"Vertical Expansion Features Los Angeles Traffic Interchange" ... 605

HANGARS

"Low-Cost Repairs Restore Concrete Hangar to Design Strength," Anton Tedesco 9

HARBORS

See Ports and Maritime Structures

HEATING

"Improved Welding Techniques Increase Use of Radiant Heating" ... 396
"Radiant and Convector-Type Heating to Be Compared" ... 630

HIGHWAY SAFETY

California legislature studies highway safety 222

"World's Largest Stair Installation" ... 26

HYDRAULICS

"Army Engineers Study Beach Erosion and Ocean Wave Damage" ... 30
"Civil Engineers Share Knowledge of Fluid Mechanics with Many Related Professions," Hunter Rouse ... 74
Discussion on opportunity for European study by Hunter Rouse ... 9
Discussion by John A. Logan ... 26
Experimental studies at dam in India ... 33
International Association for Hydraulic Structures Research plans conference ... 22

Model Study Develops Stepped Transition for Mt. Morris Dam Stilling Basin," George E. Sowers ... 130
Rocky Mountain Hydraulic Lab's summer program ... 222
Simple Model Tests Predict Aerodynamic Characteristics of Bridges," D. B. Steinman
I. Response Curves Computed from Pressure Distribution Graphs ... 20
II. Response Curves Computed from Static Lift and Torque Graphs ... 77
Discussion by David J. Peery ... 143
Discussion by John H. Dawson ... 268
Simplified Designs Facilitate Pitot Tube Application to Small Pipes," Carl E. Kindsvater ... 680
Symposium: "Continuous-Flow, Self-Cleaning Diversion Works Increase Water Supply of Colorado Steel Plant," Alfred J. Ryan and R. L. Parshall ... 736

HYDROELECTRIC POWER PLANTS

Nature Provides Lab for Maintenance Studies on Hydroelectric Plant Structures," R. W. Spencer ... 132
Safeguarding Hydro Plants Against the Ice Menace," Paul E. Gisiger ... 24

ICE

Safeguarding Hydro Plants Against the Ice Menace," Paul E. Gisiger ... 24

INDUSTRIAL WASTE

New Methods Proposed for Solving Industrial Waste Problems," symposium:
"Investigations Disclose Successful Disposal Methods for Synthetic Rubber Waste," C. C. Ruchhoft, O. R. Placak, F. E. De Martini ... 59
"Subsurface Disposal of Inland Oil-Field Brines Conserves Fresh Water Supply," Ogden S. Jones ... 60

INDUSTRY

British fair to show wide range of goods ... 285

INSTRUMENTS

"Precision of Sighting Outdoor Targets by Transits, etc." ... 527

IRRIGATION

Arizona irrigation lowers groundwater level ... 285
Discussion on Arizona's share of Colorado River water by Raymond Matthew ... 400
"Modern Power and Irrigation Structures Promote Development of North Africa," A. V. Karpov ... 317
"Palestine's Jordan River Valley Plan Emulates TVA Developments," Erwin E. Shalowitz ... 528
Discussion by Wesley R. Nelson ... 754
Discussion by Willy Wm. Salmon ... 754

LABOR RELATIONS

"Labor Peace, Professional Independence Seen If Employers Are Accredited," Frederick H. McDonald ... 13
Discussion by C. C. Muhs ... 209

LABORATORIES

"Outdoor Laboratory Provides Information on Effects of Marine Corrosion" ... 599

LAW

"Good Records Make Good Witnesses," Oren C. Herwitz ... 259
"Parties to a Construction Contract Make Their Own Law," Orin C. Herwitz ... 186
Discussion by I. Vernon Werbin ... 335

LEGISLATION

Bloom Bill purposes approved by ASCE Board of Direction ... 145
"Changes in Amendments to National Labor Relations Act Affect Professional Employees," E. L. Chandler ... 273
"Compromise Between President and Congress Needed for National Science Foundation," Watson Davis ... 764
National Science Foundation bill hailed ... 405
Pending National Science Foundation legislation ... 275
President vetoes National Science Foundation bill ... 547
Proposed Congressional highway legislation ... 353
Revival of national science legislation likely ... 160
State Department's New Educational Bill Obviates Objections of ASCE Board ... 211

LIBRARIES

Finland's need of technical books discussed by Arthur E. Morgan ... 755

LIGHTING

"All-Weather Approach Provides Greater Airport Safety" ... 301
"Something New in Lighting and Air Conditioning" ... 264

LOCKS

"Large Drydock Passes Through Ohio River Locks" ... 327

MAPS

Issued by Mississippi River Commission ... 224
"State Bureaus of Maps and Surveys Aid Planning of Engineering Projects," Oscar J. Marshall, Myron T. Jones ... 198
U.S. and Great Britain exchange mapping data ... 780

MARINE BORERS

"Tests Assure Adequate Warning of Marine Borer Attacks in New York Harbor," William F. Clapp ... 324

MATERIALS TESTING

Northwest's largest testing machine for Univ. of Washington ... 564

MATHEMATICS

Booklet on slide-rule short cuts ... 55
"Calculating Machine Furnishes Shortcut Method of Computing P.I. of Two Lines," Henry G. Weissenstein ... 545
Discussion by R. E. Burnett ... 756
New approach to study of geometrical bodies ... 776
"Nomograph Aids Use of Boussinesq Equation," Ira J. Hooks and Hamilton Gray ... 332

MEETINGS AND CONFERENCES

Dutch sponsor 1948 Soil Mechanics Conference ... 765
Equipment Distributor's annual convention ... 110
Inter-American Sanitary Group to meet in Santiago, Chile ... 562
Inter-American Sanitary Conf. postponed ... 629
International Association for Bridge and Structural Engineering to meet at Liege ... 496
International Navigation Congress to be held in 1949 ... 766
Stockholm and Rotterdam conferences scheduled ... 690
Stockholm Large Dam Congress tour ... 782
"Third International Congress on Large Dams to Be Held Next Year in Stockhom," Wesley R. Nelson ... 626
Tool Engineers plan annual meeting ... 160
World Engineering Conference recently organized ... 102

MEMORIALS

Emily Warren Roebling memorial ... 53

METEOROLOGY

"Meteorological Engineering Aids Highway Transportation," C. C. Bates and A. H. Glenn ... 606

MILITARY ENGINEERING

ASCE Board of Direction approves survey on potential defense service of engineers ... 485
Underground facilities better protection than heavy concrete ... 420

NATIONAL RESEARCH COUNCIL

Sets up Building Research Advisory Board ... 160

NAVIGATION

"Chain of Rocks Project Improves Navigation on Mississippi River," R. E. Smyser, Jr. ... 302
"Government Shares Expense of Removing Obstructions to Shipping on Navigable Streams," L. C. Sabin ... 67
"Santee Cooper Generating Plant Completes Five Years of Service," F. A. Dale ... 476
